

Buyer

Are you interested in working as a buyer for an innovative and growing company? Then we are looking for you.

Cleantron

Cleantron develops and produces Lithium batteries in Nieuw-Venep. Our batteries are used in many different applications such as E-Bikes, e-scooters, e-boats, construction machinery and all kinds of industrial equipment. For us, quality and reliability are very important, and of course that starts with the products we buy.

Tasks

As a buyer, you are responsible for purchasing all necessary items for the production of lithium-ion battery packs, using a global network of suppliers. Together with the Planner, you ensure that sufficient stock is available for all incoming orders.

You ensure that the master data is up to date and you contribute to the preparation of necessary overviews and reports. You support the warehouse employee with incoming goods and contribute to setting up a smooth inbound process. You are accountable to the Supply Chain & Planning Manager.

Your daily tasks are:

- Timely purchasing of production materials
- Keeping track of stocks through purchasing planning
- Informing production about stock and delivery
- Supplier management and price negotiations
- Accurately set up the MRP planning together with the production team
- Maintaining and improving the ERP master data (purchasing)
- Creating reports and overviews on purchasing related topics

What do we expect from you?

- A relevant MBO+ education or experience in a similar position
- Experience with MRP
- Advanced experience with Excel and creating dashboards/reports
- Mastered the Dutch and English language, spoken and written
- Have good communication skills
- Are analytical, accurate and creative
- Have a sense of responsibility
- Can think in terms of processes

We offer you

A pleasant working environment with an enthusiastic team, room for personal development and input. The vacancy is full-time, but part-time work is also negotiable. We offer you a competitive salary, which depends on your education and experience.

Are you interested?

Send your CV to jip.knaap@cleantron.nl. If you have any questions about this vacancy, we kindly request you to send an email to jip.knaap@cleantron.nl. More information about Cleantron can be found at www.cleantron.nl.
